The Deputy Secretary to Government,
Agriculture Department,
Madras.

Sir,

Sub: Livestock--District Livestock Farm, South Kanara--Maintenance of watch dogs--Report on the results of the experiment.

Ref: Government Agriculture Department Memo.No.76019 CI/54-1 dated 15-6-54.

I submit that two Combai pups aged about a month were received in the Farm on 31-3-52. One of the pups-the bitch-developed chorea and has therefore been destroyed on 1-5-53. The dog is being continued to be maintained.

This dog is very useful in tracing wild animals particularly the jackals and thus has prevented loss from jackals so far. With regard to the wild pigs the dog is able to alert the people and make it possible for the men to detect their presence and chase them. Thus the dog is useful for the purpose for which it is intended to serve.

As there is only one dog now it is essential to have at least one more, preferably a combai bitch. The combai bitch will be available for sale during the months of October and November and the cost varies from Rs.9 to 15 at Cumbum. I therefore, request that Government may be pleased to accord sanction to the purchase of a combai bitch at a cost not exceeding Rupees fifteen.

Yours faithfully,

D. Balakrishnan

Sub: Livestock - District Livestock Farm, S Kanara – Maintenance of watch dogs - Report on the results of the experiment.

Ref: 1) G O Ms 92 Dev dt 8-1-52.
2). From the D A H letter Roc : 2897-IV. 1/54 dt 3-8-54.

In June 1951 the D A H reported that wild animals such as jackals, boars etc; were having free access to the Livestock Farm at Koila S. Kanara, that they attacked goats impounded in the Farm even during the day, caused damage to sweet potato and paddy crops. In order to scare away the wild animals or to warn the inmates of the Farm against the invasion by wild animals the D.A.H proposed that four grey hounds should be maintained at the Farm.

2. In G O No 92 Dev dt 8-1-52 the Govt. sanctioned the purchase of one pair of Cross breed Combai pups at a Cost not exceeding Rs 5/- each. An expenditure of Rs 1,095/- was

also sanctioned for their maintenance. The D.A.H was also asked to submit a report on the results of the experiment in due course. — para 4 on p 2 of (R)

2 The D.A.H in his letter at p 7 C.f. has stated that two Combai pups aged about a month were received in the Farm on 31-3-52 and that one of them (the bitch) developed Chorea, was destroyed on 1-5-53. The remaining one Combai dog is still maintained. — para 1 on p 7 C.f

3 The D.A.H has reported that the dog (his pronoun) is very useful in tracing wild animals particularly the jackals and has prevented the loss duly attacked by jackals. The dog is able to alert the inmates of the Farm and make it possible for the men to detect their presence and chase them. The dog is used for the purpose for which it is intended to serve — para 2 on p 7 C.f. Please see para 2 of his report on p 7 C.f.

This and 2 more reminders for Cert. C/from

4 The D.A.H has stated that it is essential to have atleast one more dog preferably — para 3 on p 7 C.f

a Combai bitch. The Combai bitch will be available for sale during the months of Oct. and Nov. at a Cost varying from Rs 9/= to Rs 15/= The Director has therefore requested that sanction may be accorded to the purchase of a Combai bitch at a Cost not exceeding Rs 15/= only. The cost of maintenance of this animal will amount to Rs 550/= p.a. For orders whether sanction will be accorded to the purchase of Combai bitch at a Cost not exceeding Rs 15/=.
